

HOW TO BECOME A COMMUNITY SHEPHERD

The purpose of the Good Shepherd Ministry (GSM) is to build a sense of community within the larger geographical area of Saint Michael by responding to needs with neighbor helping neighbor. **Shepherds are the liaisons** between their parish neighbors and the church. **The GSM goal** is for every parish community area to have two shepherds working together to communicate with and encourage neighbors to care for, pray for, and help one another when there is a need or something to celebrate. **Doing small things together** that make a BIG impact.

CONNECT

Get to know people in your parish community and help connect them with parish events, ministry, and service opportunities.

CARE

Respond to parishioner needs.

COMMUNICATE

Write an encouraging note, make a quick phone call, or send a brief text or email.
